RE: Maths number Rockstar Day- Friday 17th May, 2024

Dear parents/carers,

As part of our commitment to make **maths** exciting in our school, we will be celebrating National Numeracy Day on **Friday 17th May, 2024** with Rockstar Day. To make the day memorable, we ask **all pupils in the school from Nursery to Year 6 to dress up as a 'ROCKSTAR' for the day.**

Children can get some inspiration from avatars on Times Tables Rockstars. Please be creative with the costumes, there is no need to go and buy a costume as children can wear clothes from home and make props if they wish.

During the day, a bell will be rung at random times; everytime children hear the bell they will chant number facts or timetables for a minute. They will also do a range of activities based with a number focus in class. We will have a special assembly to celebrate Mathematicians of the Day and best costumes.

If you have any questions, please do not hesitate to ask the class teacher.

Yours sincerely,
Mrs Dharsani
